Cyber Safety Tips

Never share your password to anyone

Keep your passwords safe. Use a secure and reliable password manager.

Practice safe browsing

A single careless click can expose your sensitive information. Think before you click!

Use a secure VPN connection

A Virtual Private Network (VPN) will ensure your anonymity on the internet.

Be careful of what you download

Avoid downloading apps or software that look suspicious. It may result in malware.

Be careful of what you post

Remember ; what you post on the internet will stay there forever
